### **Discussion of goals from 2018-2019**

- 75% of budget has been spent
- DRA testing- Fall and winter results were shared. 67% of 4-6th students are passing. Not all teachers in 4-6th grade feel that DRA testing is of value. 4-6th grade teachers along with Mr.Gibb are looking for another resource for testing to replace DRA. Teachers new to our school seem to show the lowest DRA scores. Teams have met to reach a better understanding on a uniform scoring of DRA. IRI may be a possible assessment to replace DRA.
- DIBEL's testing results were shared.

### **Goals and Budget 2019-2020**

The following items were suggested to be included in the Trustland budget for next year:

- Summer collaboration for teachers.
- Aide time for student intervention
- Professional Development and substitute coverage
- Technology equipment needs may not be as high as they have been in the past
- Software such as Spelling City, Razzkids, Waterford
- Supplies- including science and literacy instruction needs
- Funds to compensate kinder part time teachers for extra time they spend in prep.
